Martin Co. resident charged in fatal crash

BSN Staff Report

FORT GAY, W.Va. — A Martin County man was charged with misdemeanor manslaughter (negligent homicide) following a fatal collision Saturday night in Wayne County, W.Va.

Authorities say Brandon M. Cornette, 29, of Inez, could face additional charges, including DUI causing death, if tests confirm that he had oxycodone in his system at the time of the crash that killed 6-year-old Icel Colleen Newsome.

Newsome had no alcohol in his system, but preliminary tests showed the presence of oxycodone, according to a criminal complaint filed with the Wayne County Magistrate's Office. Police are waiting for official results before considering more charges against Newsome.

The complaint said witnesses told police that Cornette appeared to be speeding in his Mazda sedan on U.S. 52 near Fort Gay and Tolsia High School at approximately 7:45 p.m. Saturday. Witnesses said the vehicle veered off the right side of the road and struck Newsome, according to the complaint, which added that Cornette told authorities that the girl stepped into the roadway and he was unable to stop from hitting her. The girl was pronounced dead at Three Rivers Medical Center in Louisa.

Cornette was released from the West Regional Jail in West Virginia after posting bond.

PIKEVILLE — A Johnson County man who intended to run for sheriff next year told a police informant that he was one of the county's biggest drug dealers and that he wanted someone he thought had double-crossed him harmed or killed, according to federal court documents.

John Kline, 42, of West Van Lear, was charged in a federal complaint filed July 10 and unsealed Friday with knowingly distributing Oxycontin and carrying a firearm in relation to drug trafficking. He is scheduled to appear for a hearing today (Wednes-

day) in U.S. District Court at Pikeville.

An affidavit by a U.S. Bureau of Alcohol, Tobacco, Firearms and Explosives filed in support of the federal complaint details the investigation of Kline. Special Agent Ronald Sabotchick said in the affidavit that he interviewed a registered ATF confidential informant on June 26.

"During the interview, the CI advised that John Kline has told the CI within the past month that he is one of the largest pill dealers in (the) Johnson County, Kentucky area," the affidavit says. "The CI advised that Kline carries a 9 millimeter firearm and

LOUISA — A Blaine man entered an Alford plea in Lawrence Circuit Court Friday as part of a plea agreement for sex offenses involving a minor.

Thomas Meade, 51, agreed to enter the plea and is recommended to serve a term of five years for each offense, which includes one count of distribution of matter portraying a sexual performance by a minor and four counts of possession of matter por-

traying a sexual performance by a minor.

The recommendation is that the sentence be served concurrently and that Meade must also register as a sex offender.

Under an Alford plea, a defendant does not admit guilt but acknowledges there is enough evidence to convict him.

Formal sentencing is scheduled for Sept. 13. Meade was indicted in December 2012 follow-

PIKEVILLE — Two separate cases against people accused of trying to smuggle drugs into the federal prison in Martin County were bound over to a federal grand jury Friday.

A judge sent the cases to the grand jury during hearings Friday in U.S. District Court at Pikeville.

In one case, Crystal Chatman and Kriess Chatman are charged with knowingly attempting to provide an inmate with heroin.

According to a statement by Donald Newsome, SIS lieutenant at the United States Penitentiary Big Sandy, Kriess Chatman allegedly passed narcotics to Crystal Chatman in the visitors section at the prison July 6. Crystal Chatman allegedly walked back to the vending area of the visitors section and placed the substance in a napkin at the microwave area, according to the statement.

Prison officials took the two adults and a juvenile girl to another part of the prison, reading the adults their Miranda rights.

Inez officials discuss downtown development

INEZ — The Inez City Commission Thursday talked about improvements expected in town and also discussed a request from BMI for payment to play music at some of the events held in town.

Some of the new changes anticipated includes construction of the new Martin County Courthouse. Mayor Terry Fraley said that work was scheduled the same day to remove some of the asbestos from the building previously used for Inez

City Hall and demolition of the structures that will be replaced by the new building.

Fraley said he had been in discussion with Martin County Judge-Executive Kelly Callahan regarding the timeframe because of concerns about where to host the Harvest Festival, normally held in October, but was informed that it wouldn't be necessary to move anything and that only a portion of the work area would be off limits.

Fraley also informed the commission that he had attended a Big

Pop's has new owners, plans

PRESTONSBURG — After a long and storied history, the General Motors dealership in Prestonsburg has now been passed to a new generation of entrepreneurs.

A group of Floyd County businessmen purchased Pop's Chevrolet, Buick, Cadillac

franchises and have "big plans" for the dealership, a press release announcing the venture said.

A new sign on "prime commercial property" on U.S. 23 between Prestonsburg and Allen identifies the property as the "Future Home of the

New Pop's Chevrolet," the release said. Plans are underway to build a multi-million dollar facility on the property, which offers a "huge visibility advantage" over the current location in downtown Prestonsburg, the release said.

The new owners are a group of local investors: Brian Nelson, Rick Crum, Tommy Hall, Darrell Patton and Steve Blackburn. Nelson, who is in charge of operations, said the group is "excited about bringing new energy, growth and expansion to the dealership." He and Crum own and operate Discount Auto Brokers with locations in Prestonsburg and Paintsville.

"Today's automotive customers demand more, expect more," Nelson said. "The market has completely changed since the early days. With easy access to competing dealerships and a host of

online sellers, you must give your customers every advantage and more reasons to trade with you than just being close by. We're positioned to be able to deliver what it takes to meet and exceed customer expectations. We have a strong market for trade-ins and access to more than 500 pre-owned vehicles to supplement the dealership inventory."

While already successful at their separate businesses, the new partners are not your typical shirt and tie businessmen. Three of the partners — Nelson, Patton, and Blackburn — are avid bicyclists who ride together and compete individually in other sports. All five are "home-grown" with strong ties to their families and communities and a commitment to help this area grow and prosper for future generations, according to the press release.

Sandy Area Development District meeting and that he had spoke to the board about putting in a weather siren in town.

"It may be next year," Fraley said. "Maybe we can put it in the new courthouse, and if not maybe in the old courthouse. It is for extreme weather and we used to have one a long time ago. I remember it going off."

Police Chief Adam Crum told the commission that he only had one order of business that they needed to address involving a parking ticket.

Crum provided a photograph of the alleged offender and explained that the ticket is a fine of \$15 for a parking violation.

"She had me blocked, and I couldn't move," Crum said. "The husband paid his parking ticket, but she doesn't want to pay. This happened on June 11 and I thought she was going to be here."

The commission voted in lieu of the fact that the offender wasn't present, and that her husband paid his fine, to have her pay the fine and for Crum to send her a letter notifying her to pay it. If she hasn't paid within one week, he is to proceed with taking the matter through the court system.

In other business, City Clerk Candy Crum said that she had received the first request for property tax rates but that it is usually set in October.

She also said Kentucky Educational Television wants to do a program about Martin County.

"They are doing a series called 'Kentucky Life,' and they want me to provide them with some information, maybe identify a historical building that is still in use, special bands and anything that might be available," Crum said. "We have the Pistol Annies, with Angaleena Presley 'Holler Annie' and we have Kelsie May, she is Roy May's daughter."

PRISON: Three are charged

Continued from **Front**

"Both individuals refused to sign anything or make a statement," Newsome said in his statement.

In another case, USP Big Sandy officials were tipped off by representatives at a federal prison in Maryland that Lashell Epperson would be attempting to bring drugs to an inmate at the Martin County facility, court records show.

When Epperson arrived at USP Big Sandy on July 6, prison official officials searched her vehicle and found "two small baggies of (an) unidentified dark brown substance wrapped in a cream rubber material" in a glasses case in the trunk. The substance later tested positive for heroin, the statement said.

Epperson is charged with conspiring and attempted to conspire with others to distribute and dispense a narcotic drug to an inmate at the USP Big Sandy.

ter."

Fraley suggested Bluegrass Riot, which Crum said has been playing with Black Powder Express.

"We have quite a few people to highlight," Crum said.

"Anyone with any suggestions or ideas should contact Candy at city hall and she can include it in the e-mail to them," Fraley said.

Crum also told the commission that she had received a request from BMI asking them to pay \$327 if they play music in town for an event, but the commission has not agreed to pay it.

Police Chief Adam Crum told the commission that anything over 52 years old is considered in the public domain and that it wouldn't be required for that, but that it is federal copyright law that they

pay for more current music.

Fraley questioned how they would know what was being played and to whom it would be paid if they agreed to pay the requested \$327.

"How do they know who to pay it to if they don't even know what we are playing?" Fraley said.

Crum said the community center doesn't have to pay it because they are a non-profit entity, but Adam Crum said his church has to pay and it also is a non-profit group.

Big Sandy Area Development District representative Denise Thomas said that she is aware that some entities pay the requested fee but that it is her understanding it is only when the entity is charging an entrance fee for an event.

Homer Douglas Wells 1923-2013

GEORGIA — Dr. Homer Wells died peacefully at Candler General Hospital in Savannah after a month long illness. Up until that time, he was active and relatively healthy for an 89 year old man. He loved his fun and spent many hours figuring out how to have fun and enjoy life.

He was born in Kentucky on Nov. 11, 1923. After graduating from high school he married his sweetheart, Shirley Arrington Wells in 1942. She preceded him in death in 2001.

His life was filled with many professional and personal accomplishments. His proudest was in providing love and care for his grandson, Randall Scott Bragg. Scott was born with significant disabilities and Homer and his wife Shirley put their life plans and his profession on hold to assure that Scott had a happy life. Scott preceded him in death in 2010.

He had another grandson, Matthew Douglas Bragg, who brought living into his life and was tons of fun to all. He died in 2001.

All of these people are singing praises and welcoming him as he flew into heaven on the bright beautiful morning of July 9, 2013.

He describes himself as a retired USDA, ARS, Research Plant Pathologist, Whittler and Cane maker, Foxhunter, Hound Breeder, Outdoor Writer and Philosopher, Consultant, and Counselor.

He and Shirley married in 1942 and they had a colorful full life. They had one child, Lynnette Wells Bragg. He mentored and helped to raise many other children who have now grown into adults with children and grandchildren of their own. Mike Hasty, Tommy Hasty, Gerald Hunter, Susan Hunter, Jamie Hunter, Billy Caldwell, Bobby Young, Claude Davis, Steve Godbehere, and too many others to name were precious to him and held parties for him every year. He treasured each of them.

He was a radio technician in the Navy on the great USS Iowa stationed in the Pacific. He was very proud of his naval career. His father tearfully told the story of going weeks without any news from the Pacific, and Edward R. Murrell came on the radio with an announcement for a "big shout out to Homer Wells from Blaine, Kentucky for restoring communications in the Pacific for working 72 hours non stop in a typhoon."

He received a Master's of Science in 1949 from the University of Kentucky. He remained loyal to his Kentucky Wildcats! He received his Doctorate of Philosophy in 1954 from North Carolina State University. He was employed with the United States Department of Agriculture in Tifton from 1953 until his retirement in 1998.

During the course of his career, he wrote and co-authored more than 178 scientific articles and abstracts with approximately 50 scientists from around the world. He was in the first People to People Mission to China, lecturing at 9 universities and hosting many students to train with him. He also worked with scientists in China, Australia, Europe, Peru, India, and Chili.

He was awarded Fellowship into the American Phytopathological Society, and gained multiple awards from the Ameri-

can Forage and Grassland Council, the Golf Associations and many more. He was also very proud of his Parent of the Year award for the support he provided his grandson Scott's class at school. He worked diligently for the American Cancer Society, American Heart Association, and United Way in Tifton. He was awarded the Outstanding Plant Pathologist of the South.

He and Shirley raised, trained, hunted with, loved-but rarely sold fine pedigree Walker Fox Hounds. He had numerous fox hunting buddies in eastern Georgia and Kentucky. He wrote monthly articles for the Chase Magazine for many years and other outdoor magazines. He was colorful with many stories about his fox-hunting, deer hunting, wild hog hunting and wild dog hunting.

He is world renowned for his walking sticks. He carved canes from dogwood trees he would dig on his property in Kentucky, let them dry and let them tell him what they wanted to be. His canes are in the hands of the rich and famous and just every day ole folks. President Nixon and President Carter have his canes. Kenny Rogers has a Gambler cane. He hand whittled them with his pocket knife. He made canes for all of his special occasions, including the one he carried to China. He boasted of banging on Ming's Tomb and walking on the Great Wall of China with it, and carrying it into the Forbidden City. He had frivolous canes of the rear end of horses and his very famous "Dolly Parton" cane that his brother carried until his death and he proudly carried on the tradition and fun.

Listening to fox races, carving walking sticks out of dogwood, deer hunting, fishing, and keeping up of two grandsons kept him happy with life. He led a very active and productive life. His life was truly a success. One of his "boys", Mike said "Homer taught me how to not complain for the hand dealt us and be an optimist and positive no matter what we faced. Honesty, sincerity and character do matter."

He is survived by his daughter, Lynnette Wells Bragg, and son-in-law, Randall E. Bragg of Springfield, Georgia, and the many "boys" and "girls" he raised; brothers, Russell Wells (Nora), Ben Wells (Freida); sister, Rebecca Lee Wilson, all of Kentucky.

Funeral services were 11 a.m., Friday, July 12, in the Thomas C. Strickland and Sons Funeral Home, Effingham Chapel. Interment was in Effingham Memorial Garden.

5 ways hackers attack you (and how to counter them)

by Kim Komando

Kim Komando hosts the nation's largest talk radio show about consumer electronics, computers and the Internet.

Right now, millions of hackers, spammers and scammers are hard at work. They're after your Social Security number, bank account information and social media accounts. With any of these, they can steal your money or trick your friends into giving up theirs.

The scary part is that anyone can be a hacker. For as little as \$3,000, you can buy a complete and fully operational exploit kit. This kit does most of the illegal work for you automatically. You get to sit back and rake in the cash, until you get caught.

Between semi-amateurs with automated systems and serious hackers who are masters of technology and trickery, how can you possibly hope to stay safe?

The best way is to know how hackers do what they do. Once you know that, you can counter their malicious acts. Here are five popular hacker strategies.

1. Phishing scams

Lucky you! A Nigerian prince has selected you to help smuggle millions out of his country. For a little bit of effort - a few simple wire transfers - you'll get a substantial cut. What could be easier?

I bet you're asking yourself, "Who would fall for that?" Well, tens of thousands of people do every year. That's why Nigerian scams, or 419 scams, are still very popular.

Other versions might say you won a contest or have a job offer. Maybe someone wants to meet you, or you can make money for shipping some goods.

The catch is that you have to send in personal or banking information, or pay a fee. Of course, your information and money is going straight to hackers.

Use common sense before reacting to any email. Scams rely on making you act quickly. If you think about things long enough, you can usually see through them. Just remember the old saying, "If it looks too good to be true ..."

2. Trojan horse

Many hackers want to slip a virus on your computer. Once installed, a virus can record everything you type and send it back to the hacker. It can send out spam email or attack other computers.

To do this, the hackers disguise the virus as something harmless. This is called a Trojan horse, or just Trojan.

One of the most popular ways to deliver a Trojan is a variation of the phishing email scams.

For example, the email might say it's from a shipping service, bank or other reputable company. There's been a problem with a transaction! To learn more, you have to open an email attachment.

The attachment might look like a normal file, but it really contains a Trojan. Clicking on the file installs it before you can do anything.

Similar scams appear on Facebook and Twitter. You think you're going to watch a funny video your friend posted. Instead, a popup tells you to update your video player. The "update" file it provides is really a Trojan.

The key to defeat this tactic, as with phishing emails, is common sense. However, up-to-date security software is essential as

Community center to host screening

LOUISA — Residents living in and around the Louisa community can be screened to reduce their risk of having a stroke or bone fracture.

The Lawrence County Community Center will host Life Line Screening July 24. The community center is located at 205 Bulldog Lane in Louisa.

Beverly Reed of Benton attended a Life Line Screening and said, "I want to thank you for saving my life."

Life Line Screening provided key points every person needs to know:

* Stroke is the third leading cause of death and a leading cause of permanent disability.

* Eighty percent of stroke victims had no apparent warning signs prior to their stroke.

* Preventive ultrasound screenings can help you avoid

a stroke.

* Screenings are fast, non-invasive, painless, affordable and convenient.

Screenings identify potential cardiovascular conditions such as blocked arteries and irregular heart rhythm, abdominal aortic aneurysms, and hardening of the arteries in the legs, which is a strong predictor of heart disease. A bone density screening to assess osteoporosis risk is also offered and is appropriate for both men and women.

Life Line Screening acknowledges start at \$159. All five screenings take 60-90 minutes to complete. For more information regarding the screenings or to schedule an appointment, call 1-877-237-1287 or visit its Web site at www.life-linescreening.com. Pre-registration is required.

Underwood, a Paintsville native, has an associate's degree in business from Prestonsburg Community College. His office is located at the Paintsville Main Office branch at 620 Broadway.

Local students win certificate

KANSAS CITY, Mo. — Students from Kentucky high school and college technical education programs won the nation's highest awards at the SkillsUSA National Leadership and Skills Conference.

Industry leaders representing over 1,100 businesses, corporations, trade associations and unions recognized the students for their demonstrated excellence in 98 hands-on occupational and leadership contests, such as robotics, criminal justice, aviation maintenance and public speaking. All contests are designed, run and judged by industry using industry standards.

Top student winners received gold, silver and bronze medallions. Many also received prizes such as tools of their trade and/or scholarships to further their careers

and education. The SkillsUSA Championships is for high school and college-level students who are members of SkillsUSA.

In addition, high scorers in the contests received Skill Point Certificates. The Skill Point Certificate was awarded in 86 occupational and leadership areas to students who achieved a high score defined by industry. The SkillsUSA Championships have been a premier event since 1967. The Skill Point Certificates were introduced in 2009 as a component of the SkillsUSA Work Force Ready System.

Team G, consisting of John Rowland and Weston Burchett from Johnson Central High School, was awarded a Skill Point Certificate in web design.

MSU serves mountain students

MOREHEAD — Morehead State University has awarded more than \$3.3 million for more than 1,160 scholarships to its 22-county service region for incoming 2013 fall semester freshmen.

"For more than 125 years, Morehead State University has served the students of the mountains," said Dr. Wayne D. Andrews, president. "To be competitive in today's job market, the people of east

Kentucky must continue to better themselves through higher education. MSU is committed to helping bridge the gap to a brighter future with a college degree."

MSU's service region includes the counties of Bath, Boyd, Breathitt, Carter, Elliott, Fleming, Floyd, Greenup, Johnson, Knott, Lawrence,

BSC&TC celebrates ten year anniversary

PRESTONSBURG — U.S. Rep. Hal Rogers recently honored Big Sandy Community and Technical College in the House of Representatives.

"I ask my colleagues to join me in celebrating the tenth anniversary of the Big Sandy Community and Technical College and the tireless efforts of educators and leaders of the past that pioneered the path for quality post-secondary education in the mountains of eastern Kentucky over the last seventy-five years," Rogers said. "Seventy-five years ago the Mayo Technical College was established. Fifty years ago, the Prestonsburg Community College was established in 1964. Finally ten years ago, the two institutions merged in 2003, creating the Big Sandy Community and Technical College. I count it an honor to congratulate the founders of these institutions on this rare triple celebration of the combined 75th, 50th and 10th anniversaries."

The tribute by Rogers appeared in the May 8 issue of the Congressional Record

Dr. George D. Edwards, president of BSCTC, said it is "an honor for the college to receive this recognition for this unique year in our history."

"And on behalf of the students, faculty and staff, I want to express my appreciation to Hal Rogers for this tribute."

BSCTC is celebrating its history throughout the year.

"We are proud of our history of educational progress and dedication to strengthening the region through education," Edwards said.

"Although the name has changed, the services and commitment provided to our students and community has always and will continue to be the very purpose of our existence."

The Big Sandy Long-Term Care Ombudsman Program is currently seeking volunteers to serve as friendly visitors or certified ombudsman volunteers. An ombudsman is an advocate for residents of nursing homes, personal care homes, and family care homes. In addition to visiting long-term care facilities on a regular basis, an ombudsman strives to provide information and resolve complaints on behalf of residents. The Big Sandy Long-Term Care Ombudsman Program serves all long-term care residents in the Big Sandy area. A vital component of the Ombudsman Program is its volunteers. Volunteers provide community accountability to facilities. Volunteers can also be used to make friendly visits to residents and, after becoming certified, can handle complaints.

If you would like to be involved in improving the quality of care and life of residents of long-term care facilities or would like more information on becoming a volunteer, please contact Misty Pugh at 1-800-737-2723, extension 335, or send an e-mail to misty.pugh@bigsandy.org.

FUN IN THE SUN

MOUNTAIN MANOR RESIDENTS are ringing in summertime with a bang. Recently some of the male residents enjoyed a "Guy's Night Out" at the Jenny Wiley Theatre's production of "Oklahoma." Some female residents also enjoyed a day out, having lunch at Applebee's in Pikeville, along with a movie at the Riverfill Cinaplex seeing "Grown-ups 2."

well. It should detect and stop most Trojans before they can install.

3. Drive-by downloads

Security software is good, but it isn't always enough. Programs on your computer might have weaknesses that hackers can use to bypass security software.

To take advantage of these weaknesses, hackers set up website embedded with viruses. You might get there by clicking a malicious link in a phishing email or on social media. You can even find these sites in a search for popular programs or topics.

It isn't just malicious sites, though. Hackers can sneak malicious code on to legitimate websites. The code scans your computers for security holes. If it finds one, a virus can download and install without you doing anything.

To stay safe, you have to keep your programs up to date. Every month, Microsoft releases updates for Windows and Internet Explorer. These updates close critical security holes that hackers exploit.

Other critical programs to patch are Adobe's Flash and Reader, and Oracle's Java. Using old versions of these programs is like sending hack-

ers an engraved invitation

You should also be using the latest version of your programs. Anyone using Internet Explorer 6, 7 or 8 needs to update or switch browsers immediately.

4. Bypassing passwords

In Hollywood movies, hackers are masters of guessing account passwords. In the real world, however, very few hackers bother.

Instead, they go around passwords. They might get your password from a data breach at a company or website you use.

It's important that you use a different password for every account. That way, if a hacker discovers one, they can't get in to every account.

Perhaps the hacker slipped a virus on to your system. It records your passwords and sends them to the hacker; no guessing needed.

As I mentioned above, you can stop viruses with up-to-date security software and programs.

A hacker might tackle your account's security question.

Most security questions can be answered with information people post publicly.

You should change how you answer security ques-

tions. Give a random answer that has nothing to do with the question. That way, no one can guess it.

5. Using open Wi-Fi

I'm sure you have a Wi-Fi network at home. Is it encrypted? If you don't know the answer, then it's probably, "no."

That means hackers, and neighbors, can connect to your network from outside. They can see and record everything you do. They can surf to bad websites and download illegal files on your connection. You might be getting a visit from the police.

You need to take a few minutes and secure your network. Trust me; it's worth it.

The instructions will be in your Wi-Fi router's manual.

Letcher, Lewis, Magoffin, Martin, Mason, Menifee, Montgomery, Morgan, Pike, Rowan and Wolfe.

The breakdown of scholarships by high schools in the Big Sandy region includes Lawrence County, 33; Johnson Central, 42; Paintsville, 12; Sheldon Clark, 19; Allen Central, 13; Betsy Layne, 15; Prestonsburg, 21; South Floyd, 11; and Magoffin County, 39.

During the next four years, scholarship winners could turn the amount into more than \$13 million.

Recipients applied, were accepted to MSU and met the

criteria for the individual scholarship(s).

MSU has had record enrollment the past two years. In 2012-13, Morehead State was recognized for the ninth consecutive year as one of the top public universities in the south by U.S. News and World Report.

According to Enrollment Services, the University's acceptance rates into professional schools (medicine, pharmacy, dental, etc.) exceed state and national averages while MSU is only one of five institutions in the U.S. with a bachelor's degree in space science.

NOTICE TO KENTUCKY POWER COMPANY CUSTOMERS

Please Take Notice that on July 3, 2013 Kentucky Power Company (Kentucky Power) filed with the Kentucky Public Service Commission (Commission) in Case No. 2013-00144 an amended application seeking the approval of a new Biomass Energy Rider (Tariff B.E.R.). The full language of the proposed Tariff B.E.R. is shown below. If approved, the Company will use Tariff B.E.R. to recover the costs associated with the purchase of renewable energy from the ecoPower biomass energy facility to be constructed in Perry County, Kentucky. The Biomass Energy Rider would be applicable to the following tariffs: R.S., R.S.-L.M.-T.O.D., R.S.-T.O.D., Experimental R.S.-T.O.D.2, S.G.S., Experimental S.G.S.-T.O.D., M.G.S., M.G.S.-T.O.D., L.G.S., L.G.S.-T.O.D., Q.P., C.I.P.-T.O.D., C.S.-I.R.P., M.W., O.L. and S.L. The Company will first apply the Biomass Energy Rider to a customer's bill two months after the first month it purchases energy from the ecoPower biomass energy facility. The Company anticipates first purchasing energy from the biomass facility in 2017.

NEW TARIFF

TARIFF B. E. R.
(Biomass Energy Rider)

APPLICABLE.

To Tariffs R.S., R.S.-L.M.-T.O.D., R.S.-T.O.D., Experimental R.S.-T.O.D.2, S.G.S., Experimental S.G.S.-T.O.D., M.G.S., M.G.S.-T.O.D., L.G.S., L.G.S.-T.O.D., Q.P., C.I.P.-T.O.D., C.S.-I.R.P., M.W., O.L. and S.L.

RATE.

- When energy is generated and sold to the Company from the ecoPower biomass facility, an additional charge equal to the product of the kWh of sales and a biomass adjustment factor (A) shall be made, where "A", calculated to the nearest 0.0001 mill per kilowatt-hour, is defined as set forth below.

Biomass Adjustment Factor (A) = (R*Pm)/Sm

In the above formulas "R" is the rate for the current calendar year approved by this commission in the REPA between ecoPower and Kentucky Power Company, "P" is the amount of kwh purchased by Kentucky Power Company in the current (m) period, and "S" is the kWh sales in the current (m) period, all defined below.

- Rate (R) shall be the dollar per MWh as defined in the REPA between ecoPower and Kentucky Power Company, including any applicable escalation factor as defined in the REPA.
- Produced energy (P) shall be the MWh produced and sold to Kentucky Power Company.
- Sales (S) shall be all kWh sold, excluding intersystem sales. Utility used energy shall not be excluded in the determination of sales (S).
- The monthly bio mass energy rider shall be filed with the Commission ten (10) days before it is scheduled to go into effect, along with all the necessary supporting data to justify the amount of the adjustment, which shall include data, and information as may be required by the Commission.
- Copies of all documents required to be filed with the Commission shall be open and made available for public inspection at the office of the Public Service Commission pursuant to the provisions of KRS61.870 to 61.884

PROPOSED RATE IMPACT

Tariff B.E.R. is a new tariff and there are no present rates. The proposed rates will be calculated on a kWh basis in accordance with Biomass Adjustment Factor described above.

If approved as filed, and if charges under Tariff B.E.R. were to be collected beginning January 1, 2014 (which they will not), the Company's proposed Tariff B.E.R. would result in a proposed annual increase in electric revenues per customer class, based on current revenues for the twelve month period ending March 31, 2013, as follows:

Customer Classification	Current Revenue	Revenue Increase with Tariff B.E.R.	Proposed Revenue with Tariff B.E.R.	Percent Change
RS	\$201,020,022	\$17,460,599	\$218,480,621	8.69%
SGS	\$16,112,073	\$1,035,202	\$17,147,275	6.43%
MGS	\$51,869,508	\$4,002,333	\$55,871,841	7.72%
LGS	\$60,560,038	\$5,425,218	\$65,985,256	8.96%
MW	\$307,392	\$28,738	\$336,130	9.35%
QP	\$42,962,656	\$5,179,413	\$48,142,069	12.06%
C.I.P. – T.O.D.	\$105,929,360	\$16,397,091	\$122,326,451	15.48%
OL	\$7,418,693	\$337,571	\$7,756,265	4.55%
SL	\$1,222,039	\$62,978	\$1,285,017	5.15%

The average monthly bill for each customer class to which the proposed electric rates will apply will increase, based on current revenues for the twelve month period ending March 31, 2013, approximately as follows:

Customer Classification	Average Customer Usage (kWh)	Average Customer Demand (kW)	Current Average Billing	Proposed Average Billing	Average Billing Change	Average Percent Change
RS	1,374		\$119.69	\$130.08	\$10.40	8.69%
SGS	479		\$56.46	\$60.09	\$3.63	6.43%
MGS	5,992	26	\$587.65	\$633.00	\$45.34	7.72%
LGS	69,225	223	\$5,847.82	\$6,371.69	\$523.87	8.96%
MW	28,552		\$2,311.22	\$2,527.29	\$216.08	9.35%

ALUMNI GOLF EVENT

THE SECOND ANNUAL University of Louisville Big Sandy Alumni Club Burchell Scholarship golf event was held June 27 in Paintsville. The purpose was to raise scholarship funds to assist local students who choose to attend U of L. The event was limited to 18 teams, and there was also a significant number of hole sponsors. Businesses donated over 100 door prizes, each golfer received a bag of items and breakfast and lunch. Hutch Chevrolet sponsored a chance to win a new car with a hole-in-one and a few shots got pretty close. Alumni Club President Paul Burchell thanked the many sponsors.

Lawrence Co. Youth Football League holding sign-ups

LOUISA — The Lawrence County Youth Football League will hold signups July 20 and 27 at the football field.

Signups will be held from 10 a.m. until 2 p.m. each day. Currently, the Lawrence County Youth Football League is holding speed and agility training Monday, Tues-

day and Thursday nights, beginning at 6 p.m.

The Lawrence County Youth Football League is under the direction of president Heath Preston.

For more information on the league, call Preston at 606-791-7800.

20th annual Trooper Island Golf Scramble set for Aug. 2nd

ASHLAND — The Kentucky State Police in Ashland will host its 20th annual Trooper Island Golf Scramble on Aug. 2 at Hidden Cove Golf Course at Grayson Lake State Park, with an 8:30 a.m. shotgun start.

All participants will receive gifts and door prizes after the scramble as well as a meal provided by Texas Roadhouse. There will be cash awards for first-, second- and third-place finishes and cash prizes for the longest drive and the closest to the pin.

All proceeds will benefit Trooper Island, located on Dale Hollow Lake in South-Central Kentucky and leased to the Kentucky State Police from the Corps of Engineers. Each year, 32 children ages 10-12 years from Boyd, Carter, Greenup, and Lawrence

counties are sent to the one-week camp. These are children that may not be able to afford another summer camp, may have had a tragic event occur in their past, or have been recommended by a trooper.

Persons interested should contact Trooper First Class Michael Murriell, public affairs officer for Post 14 in Ashland, at 606-928-6421. Entry forms are available at Post 14 or online at <http://www.kentuckystatepolice.org/posts/post14.htm>.

Participants can turn in their entry form to the Kentucky State Police Post along with their \$240 team entry fee made payable to KSP Post 14 fundraiser. There is a maximum 30-team entry. The cost of sponsoring a hole is \$150.

Kentucky Football Fan Day set for August 9th at Commonwealth Stadium

LEXINGTON — The annual Kentucky Football Fan Day has been slated for Friday, Aug. 9, at Commonwealth Stadium at 6 p.m., when the Kentucky football team will hold an autograph session, followed by an open practice along with a fireworks show. Admission and parking to the event is free of charge.

Gates for the event will open at 6 p.m. (gates 1, 2, 3, 4, 9, 10, 11, 12 will be open) with 2013 posters and schedules cards available at gates 1, 4, 9 and 12 beginning at approximately 5:30 p.m. The 2013 Wildcats will be available for autographs on the main concourse with C.M. Newton Field accessible for fans to take photos. The autograph session will conclude at 7:15 p.m. with the team hitting the field for open practice at 7:30 p.m.

All times are Eastern.

A fireworks show will close the event following the conclusion of the open practice, which is scheduled to end at approximately 9:45 p.m.

Parking will be available in the green, red or blue lots surrounding Commonwealth Stadium.

"After seeing the crowd and enthusiasm in Commonwealth Stadium for the Blue/White Game a few months ago we are very anxious to get back in front of the Big Blue Nation," said UK head coach Mark Stoops. "Fan Day is not only an opportunity for our players to interact with our great fans, but for us to get on the Commonwealth Stadium field and get some work in. We are very excited to get the players here for fall camp and get this season going."

The event will complete the opening week of fall camp for the 2013 Kentucky Wildcats, who are scheduled to report for fall camp on Saturday, Aug. 3 and Sunday, August 4. Kentucky's season opener this season is Saturday, Aug. 31 at LP Field in Nashville against Western Kentucky University at 7 p.m. ET.

Season tickets for the 2013 Kentucky football season are on sale now. For more information, fans can go online at ukfootballtx.com or call 1-800-928-2287.

For more information on Kentucky football, follow @UKFootball or @UKCoachStoops on Twitter.

compete in the upcoming Grid-O-Rama.

Fleming County will host a doubleheader Aug. 16 with Nicholas County facing Harrison County at 6 p.m. In the nightcap, host Fleming County will play familiar foe Bath County. Start time for the Fleming County-Bath County game is set for 7:45 p.m.

Raceland will host the second night of the Eastern Kentucky Conference Grid-O-Rama Aug. 17. The second night of the Eastern Kentucky Conference preseason event will feature three games. In the opener, Lewis County will meet Eastern Kentucky Conference newcomer Paintsville at 5 p.m. Following the Lewis County-Paintsville game, East Carter will face Greenup County at 6:45 p.m. In the

final game of the Eastern Kentucky Conference Grid-O-Rama, host Raceland will play East Carter.

First-year head coach Joe Chirico is set to guide the Paintsville football team. Chirico, a longtime assistant coach, replaced Chester McCoy, who resigned after being named head coach earlier in the week.
